

TROUBLE

We were at the table by the window with the view,
Casting shadows,
Sun was pushed through,
Spoke a lot of words I don't know if I spoke the truth.

Got so much to lose,
Got so much to prove,
God don't let me lose my mind.

Trouble on my left,
Trouble on my right,
I've been facing trouble almost all my life.
My sweet love won't you pull me through.
Everywhere I look I catch a glimpse of you.
I said it was love and I did it for life, do do for you

Will I come to pass or will I pass the test.
You know what they say, yeah, the wicked get no rest.
You can have my heart any place any time.

Got so much to lose,
Got so much to prove,
God don't let me lose my mind.

Trouble on my left,
Trouble on my right,
I've been facing trouble almost all my life.
My sweet love won't you pull me through.
Everywhere I look I catch a glimpse of you.
I said it was love and I did it for life, do do for you

Trouble on my left,
Trouble on my right,
I've been facing trouble almost all my life.
My sweet love won't you pull me through.
Everywhere I look I catch a glimpse of you.
I said it was love and I did it for life, do do for you

Got so much to lose,
Got so much to prove,
God don't let me lose my mind.

COLD COLD COLD

Doctor look into my eyes
I've been breathing air but there's no sign of life
Doctor the problem's in my chest
My heart feels cold as ice but it's anybody's guess

Doctor can you help me cause I don't feel right
Better make it fast before I change my mind
Doctor can you help me cause I don't feel right
Better make it fast before I change my mind

Well it's cold, cold, cold, cold inside
Darker in the day than the dead of night
Cold, cold, cold, cold inside
Doctor can you help me cause something don't feel right
Something don't feel right

Sweet nurse don't look at me that way
I've seen those eyes before I can tell you want to play
Counselor give me some advice
Tell me how hard will I fall if I live a double life

And as the darkness falls it fills up both my eyes
My life before me like a flash in the night
With my arms open wide

Well it's cold, cold, cold, cold inside
Cold, cold, cold, cold inside
Cold, cold, cold, cold inside
Doctor can you help me cause something don't feel right
Something don't feel right, something just ain't right
