How Are You

It's Right

TROUBLE

We were at the table by the window with the view
Casting shadows
See we danced in circles
Spoke a lot of words I don't know if I spoke the truth
But we made it home
And don't let me lose my mind

Trouble on my left
Trouble on my right
We were facing trouble almost all the time
We went from war to war and through
Everywhere I look I see a picture of you
I said it was love and I said it was life, do you see

Will I come to you or will I stay the best
You know what they say, with the wrong girl you're
You can have my heart any time
But we made it home
And don't let me lose my mind

Trouble on my left
Trouble on my right
I've been facing trouble almost all the time
We went from war to war and through
Everywhere I look I see a picture of you
I said it was love and I said it was life, do you see

Trouble on my left
Trouble on my right
I've been facing trouble almost all the time
We went from war to war and through
Everywhere I look I see a picture of you
I said it was love and I said it was life, do you see

COLD COLD COLD

Reason look into my eyes
I've been something of a shadow on your side of life
I've been looking at the light
My heart felt cold and so did the shadow's heart

Reason can you help me cause I don't feel right
Reason can you help me cause I don't feel right
Reason can you help me cause I don't feel right
Reason can you help me cause I don't feel right
Reason can you help me cause I don't feel right
Reason can you help me cause I don't feel right

Well it's cold, cold, cold, cold inside
Colder in the day than the dead of night
Cold, cold, cold, cold inside
Colder in the day than the dead of night
Cold, cold, cold, cold inside
Colder in the day than the dead of night

Well it's cold, cold, cold, cold inside
Colder in the day than the dead of night
Cold, cold, cold, cold inside
Colder in the day than the dead of night
Cold, cold, cold, cold inside
Colder in the day than the dead of night
