Experience

Cerner

Software Intern | May 2019 – Aug 2019

Location: Kansas City, MO

Created licensing tool to create, save, and manage new patient charting content licenses in the cloud using a model-view-controller architectural pattern:

- Built REST API in Rails with unit and integration tests
- Built frontend browser-based application in React with web UI tests
- Connected application to SQL database
- Increased scalability in managing the lifecycle of subscription-based content for Cerner's Charting applications
- Gained professional experience in scrum based software development process

Team Lead: Patrick Shine | Patrick.Shine@cerner.com

Lavner Camps

Technology Camp Instructor | May 2018 – Aug 2018

Location: St. Louis, MO

Taught 4-16 kids, aged 8-12, weekly with close one-on-one interaction in camps on:

- Learning general Java skills by creating programs such as calculators, text-based games, and Swing games
- Minecraft Mod and Minecraft game engine coding in Java along with general Minecraft skills

Employer: Ezra Androphy | ezra@lavnercampsandprograms.com
